Grand Council of the Union League of America

For the State of California.

San Francisco, —, 1863.

To the President of — Council, No. —, Located at — County of —.

SIR—There will be a meeting of the Grand Council U. L. A. for California, at the city and county of San Francisco on Tuesday,

the 4th day of August next, at which it is hoped, every Council in the State will be represented.

Those Councils therefore that have not already done so will please elect their delegates to the Grand Council and report the same at once to the Grand Secretary.

It is expected that the delegates from the various Subordinate Councils will be prepared to make an exact and minute report of the strength and condition of their respective Councils, the vote of the precinct where the same is located, and its probable division at the coming election. Such reports will state particularly the military capacity of the respective Councils with reference to the organized Militia and the Home Guard.

As no proxies are allowed in the Grand Council, those delegates who will be unable to attend the meeting are respectfully requested to resign their positions and thus allow their respective Councils to elect delegates who will be able to be present.

Only those Councils that have received their Charters will be allowed to be represented in the Grand Council, and those Subordinate Councils that are now working under Dispensations are requested to report immediately to the Grand Secretary and receive their Charters.

By order of the Grand Council. Respectfully,
 ——— ———, Grand President.

On motion the report was received and adopted.

The Grand President then delivered the following address :

Gentlemen of the Grand Council of California ;

In pursuance of what is deemed the usage of the State Councils of this Order in the States and Territories upon the Atlantic side of the continent, I deem it my duty to address you at this time upon the position which we now occupy here, upon the Pacific side, premising what I have to suggest with a few remarks upon the origin and progress of the Union Leagues of America.

It is only a year since in the hour of despondency, and after the reverses to the Union armies, that a few tried Union men in the city of Washington deeming it necessary that some action should be had among Union men, of such a character, as to prevent the secret movements of Government and Union armies from being at once communicated to the enemy, determined upon the organization of a secret Union League. They were well aware of the fact that a secret society, known by the name of "The Knights of the Golden Circle," had been for years in existence in all the Rebellious States, whose avowed object was the destruction of the

American Union, and which was rapidly extending itself among the Copperheads of the Free States, and especially in the Northwest, the result of which, in the fall of 1862, was the Union reverses and the partial copperhead successes in the elections held in Ohio, Pennsylvania, New York and Illinois.

They also saw that if something was not done at once to prevent the spread of this pestiferous doctrine of secession, and to unite all true patriots by a firmer tie than mere party organizations, the Copperheads would have the control of the next Congress, and the country would be lost.

Under this state of things the Union League of America was instituted, and the organization extended throughout the loyal States. The change in public opinion in favor of Liberty and Union one and inseperable, now and forever, became manifest throughout the length and breadth of the land ; and the elections in Connecticut and New Hampshire held early in the present year first rolled back the tide of disunion which for a time seemed to threaten to engulf us all in the vortex of anarchy and political death ; and it is to this institution, more than to all other influences, that we are indebted for this result.

On the return of our members of Congress from their labors at Washington, they brought with them the necessary documents, and on the thirteenth day of April, 1863, this Grand Council was installed by the Hon. T. G. Phelps, and has held regular weekly meetings from that time to the present. For a detailed statement of its work, I would refer you to the report of your Grand Secretary, Alfred Barstow, Esq., whose labors have been entirely devoted to the furtherance of the object of our institution since its establishment in this State.

Applications have been made to the Grand Council for the establishment of subordinate Councils of this Order in the Territories of Nevada and Washington and the State of Oregon. Dispensations have been granted for the same, subject however, to the action of the National Grand Council at its next session.

Some differences of opinion exist among the members of this Grand Council as to the secret character of the order, and it is often asked—1st, if resolutions adopted by a subordinate Council, in relation to public affairs, may be published in the newspapers ;

2d, must the names of members be kept secret ; 3d, may Subordinate Councils as such make public demonstrations ; 4th, is the very existence of the institution to be kept from the public. Some judicious legislation upon this subject, which will secure uniformity in the working of the order, is very desirable.

It is sometimes asked if the members of the League are bound politically to support all the nominations of the Union party for State, district, county, and township officers, and if so, are there any exceptions to this rule ? An answer from this Council would set at rest doubts that some entertain upon this important question.

By the returns that will be presented to you by the Grand Secretary, you will perceive the necessity for and capacity of the order for a more perfect military organization in this State among Union men ; and when it is admitted that there are within the borders of our State some thirty thousand secessionists and rebel sympathizers, who are prepared upon the first opportunity to strike against the peace of the State and under the specious pretense of a Pacific Republic ! create civil war and all its train of woes in our now peaceful homes, it well becomes us "in time of peace to prepare for war." I ask your most careful consideration of this important subject.

There is no doubt but what there is a large immigration to this State the present season across the plains, and that among them are hundreds, if not thousands, of disloyal men. Many of them may claim the right to vote in our State before having acquired the right to do so by a residence of six months as required by law.

Circulars have already been issued to the Councils throughout the State in relation to this matter ; in fact, nearly all the matters to which I have called your attention, have already received some consideration from the Grand Council as organized by the resident charter members, but the full action of the entire State as represented by you would perhaps be more satisfactory to the Order at large.

It seems to me that the encouragement of Union newspapers, the spread of Union documents and speeches, the full discussion of patriotic questions, the formation of Union Clubs, the encouragement given to patriotic sentiment by song and music, the care of the wounded and distressed Union soldiers, are all proper subjects for our consideration in times like these.

In conclusion, allow me to congratulate you upon the success of your institution. In the four months of its organization more than one hundred Councils have been formed, comprising some twenty thousand members, who are true to the Constitution as it is, and the Union as one great republic established upon the broad ground of the Declaration of American Independence "that all men are created free and equal, and have certain inalienable rights among which are life, liberty, and the pursuit of happiness."

The Grand Secretary read the following transcript of the minutes of the Grand Council from its organization to the present time, and asked further time to make his report of the Subordinate Councils.

Report of the Grand Secretary of the Transactions of the Grand Council.

Mr. President:

At the invitation of Hon. T. G. Phelps a meeting was held in the city of San Francisco on the 13th day of April, A. D. 1863, to take into consideration the propriety of establishing a Grand Council of the Union League of America for the State of California. Mr. Phelps called the meeting to order and briefly stated its object.

The National Grand Council of the League at Washington had some time previously granted a dispensation to Dr. J. C. Bronson, of the United States Army, to establish the order in this State; but circumstances having prevented him from acting in the premises a dispensation was granted to Mr. Phelps.

Mr. Barstow, from committee to draft circular letter on military organization, reported the following draft of letter, which on motion was adopted :

Grand Council, Union League of America, State of California,
San Francisco, —, 1863.

To the Officers and Members of the Union League within the State of California :

GENTLEMEN:—On the 16th day of May ult., the Grand Council issued a Circular Letter recommending the formation of a Military Organization within each Subordinate Council of the League in this State.

The necessity for such action has not diminished by time ; on the contrary, there is greater need to-day for the thorough organization of Union men than ever before. A determined effort is to be made at the coming election to array this State against the Administration and the War. To resist such an attempt we have pledged, each to the other, " our lives, our fortunes, and our sacred honor "—a pledge not idly made nor lightly to be broken.

In furtherance of the spirit of this pledge the Grand Council recommend :

First. That all able-bodied members of the League unite themselves with some company of the organized militia of the State. If there be no organized company of the militia at the place where the Subordinate Council is located, that one be immediately organized under the laws of the State, and an application made to the Adjutant-General of the State for arms. It is also recommended that those members of the League who, from age, infirmity, or other cause, are incapable of bearing arms, or who are unwilling to join the organized militia, form themselves into a Home Guard and

perfect themselves in the drill by company and battalion, either using such arms as are accessible or without arms.

Second. Officers of Subordinate Councils will include, in their monthly reports to the Grand Council, the number of able-bodied men in their respective councils capable of enduring the fatigues of military service; as also, the number of those who from any cause are incapable; also, the names of those who have seen military service, when and where, and whether in the regular army, in foreign service, or in the organized militia of the State.

A vigorous effort is being made to induce the General Government to place at the disposal of the authorities of this State a quantity of arms sufficient to equip all whom in any contingency it may be necessary to call into service. Should this effort prove successful, notice will be transmitted immediately to all Subordinate Councils of the League in the State. An application will also be made for arms for such companies of Home Guards as shall organize themselves; but from the nature of the circumstances at present existing, without much hope of success—such companies will probably be obliged to supply their own arms and equipments.

Commending the suggestions herein contained to the consideration of the members of the League, we remain,

By order of the Grand Council. Respectfully,

_____, Grand President.

_____, Grand Secretary.

Grand Secretary presented the following draft of letter on the immigration of the present season :

Union League of America, Grand Council for California.

San Francisco, July 24th, 1863.

To the Officers and Members of the Union League of America within the State of California :

GENTLEMEN :—Your attention is specially called to the following facts :

The Grand Council have ascertained from the best authority that about ten thousand male citizens of the United States are now on their way to this State, overland, at least three-fourths of whom are at heart rebels or sympathizers with the rebellion. These persons will attempt to vote at the coming election, and will succeed in doing so unless Section I of Article II of the Constitution (which is hereto appended) is rigidly enforced. This section requires an actual residence of six months in the State and thirty days in the county or district to entitle a person to vote. A mistaken idea has very generally obtained that a person's residence in this State dates from the time he left the Eastern States for California, and that our Supreme Court has so held. This is not true. Ex-Attorney-General S. C. Hastings, for certain purposes of his own, which he accomplished, gave as his opinion that such was a proper construction of the Constitution. His opinion is entitled to no more weight than the opinion of any other attorney, and is generally regarded by good lawyers as entirely erroneous and absurd.

It is possible that this vote, should it pass unchallenged, may determine the patriotic *status* of California for the next four years. Within that time the history of our Country will be made for centuries. No State in the Union can do more towards making glory of that history than can California. Our people to-day are loyal. Let not the dark brand of treason be stamped upon them by a failure to be vigilant. Let every Council appoint good men and true to attend the polls. Let every doubtful vote offered be challenged, and let a record be kept of every vote sworn in. Nine-tenths of

the votes sworn in by the immigrants of this seasons will be rebel. At every precinct carried by such votes let the returns be contested. If this is done we are safe; if not, there is danger. We seek not to alarm; we only desire to impress upon all Union men the necessity for the same activity and zeal which is displayed by our army in the field. Let us remember that "eternal vigilance is the price of Liberty."

By order of the Grand Council.

—— —, Grand President.

—— —, Grand Secretary.

Constitution of California, Article II.—Right of Suffrage.

SECTION 1. Every white male citizen of the United States, and every white male citizen of Mexico who shall have elected to become a citizen of the United States under the treaty of peace exchanged and ratified at Queretaro on the thirtieth day of May, 1848, of the age of twenty-one years, who shall have been a resident of the State *six months next preceding the election and the county or district in which he claims his vote thirty days*, shall be entitled to vote at all elections which are now or hereafter may be authorized by law. * * * *

On motion, the circular was adopted and ordered forwarded to the various Councils of the State.

Committee on order of business made a further report, as follows :

Mr. President: Your committee on order of business would further report, as an order of business for the day :

1st. The appointment of a standing committee of five on resolutions.

2d. Report of committee on President's address.

3d. Introduction of Resolutions.

4th. Reports of Grand Secretary and Grand Treasurer.

5th. The transaction of miscellaneous business.

And ask to be discharged.

Respectfully submitted,
CUTTER, Chairman.

On motion, the report was received and adopted, and committee discharged.

Chair appointed committee on Resolutions as follows: Benton of Sacramento, Seymour of Alameda, Cobb of Santa Clara, Burton of San Joaquin, Taft of El Dorado.

Mr. Stevens, from committee on President's address, made the following report:

Mr. President, your committee, to whom was referred the Grand President's address, have carefully considered the matters and suggestions therein contained, and ask leave to report as follows:

That there should be differences of opinion touching the working policy of the organization *in times of peace* is naturally to be expected; and could we have assurances that the peace and quiet that now happily prevails in our State would remain unbroken, your committee believe that the necessity for a secret Union organization would not exist.

But the existence of the present formidable rebellion and the great number of rebel sympathizers in our midst render it necessary and proper for Union men to band together and work harmoniously and efficiently for the preservation of the Government bequeathed to them by their revolutionary fathers.

Believing, then, that our organization is calculated to further the object which all Union men have nearest their hearts, and that its efficiency and usefulness will be in proportion to the harmony which exists among its members and the uniformity of the action of the

various Councils, your committee would reply to the questions and suggestions contained in the address in their order as follows :

First.—May resolutions adopted by a Subordinate Council in relation to public affairs be published in the newspapers as emanating from such Council ?

This question is answered by the Ritual—No.

Second.—Must the names of the members be kept secret ? No ; but it is good policy to do so. It is a matter of discretion with the members.

Third.—May Subordinate Councils, as such, make public demonstrations ?

No ; but should aid as individual Union men.

Fourth.—Is the very existence of the organization to be kept secret ?

Not necessarily.

Fifth.—Are members of the U. L. A. bound politically to support all the nominees of the Union party for State, district, county and township officers ?

No ; but they are bound to support *good and reliable Union men and no others.*

Your committee most heartily approve the suggestions of the Grand President relative to the propriety of Subordinate Councils aiding in the circulation of Union newspapers, documents, speeches, and the promotion of the success of Union demonstrations.

Your committee would further report that they feel incompetent, in the brief time allowed them, to make such report upon the military portion of the address as its importance demands and as the Grand Council have a right to expect at our hand, we therefore recommend that so much of the address as relates to military

organization be referred to the committee on military organization, with instructions to report at the earliest practicable moment.

All of which is respectfully submitted,

STEVENS,
Chairman.

On motion the report was received and the committee discharged.

On motion the report of the committee was read by sections by Mr. Burton of San Joaquin.

On motion, section first was adopted as read.

Section second was then read and on motion so amended as to read as follows :

Second.—Must the names of members be kept secret ?

Yes, so far as practicable.

Section three read and adopted.

Section four read and adopted.

Section five read and adopted.

The recommendations of the report were then approved, and on motion of Mr. Benton of Sacramento the report as amended was adopted as a whole and the committee discharged.

After some debate the resolution was withdrawn by the mover.

Introduced by Mr. Holland of San Francisco :

Resolved, That Subordinate Councils of the League be authorized to publish loyal addresses that may be delivered before such Councils from time to time, under the supervision of this Grand Council : Provided, that this resolution be ratified by the National Grand Council U. L. A. at the city of Washington.

Referred to committee on resolutions. Resolution reported back and passage recommended.

On motion report of committee was adopted and resolution passed.

Introduced by Mr. McClatchy of Sacramento, by instruction of Council No. 2 :

Resolved, That the names of all persons known to be disloyal in the respective districts of the Subordinate Councils be canvassed and collected, and reported to the Grand Council for the purpose of collating and publishing in book form such of them as it may deem advisable for future reference.

Referred to committee on resolutions. Reported back and passage recommended.

Amended by providing that, as far as possible, the occupation, age, and birth place shall be reported, together with the fact as to whether the persons named can read and write.

Resolution as amended adopted.

Upon suggestion of the Grand President, setting forth the necessity for some legislation in the premises,

Mr. Pinkham of El Dorado moved that a special committee of three be appointed by the Chair to take into consideration and report upon the expediency of allowing Subordinate Councils to adopt an independent pass word for their respective Councils.

Carried.

Chair appointed Messrs. Pinkham, McClatchy, and Rider.

At 1 o'clock P. M., on motion of Mr. Lull of San Francisco, the Grand Council took a recess of thirty minutes.

Aug. 5th.—Grand Council reassembled. Grand President Parker in the chair.

Mr. Billings of Santa Clara introduced the following resolution :

Resolved, that this Council recommend to all Subordinate Councils to organize without delay open Union Clubs, and to procure the

delivery of patriotic addresses, songs, etc. before them, and to labor earnestly for the success of the Union ticket at the coming election. Adopted.

The committee to whom was referred the subject matter of the Grand President's suggestion in relation to pass word, reported back the following resolution and recommended its passage.

Resolved 1st, That each Subordinate Council be authorized to adopt a quarterly pass word for the use of its own members ; such pass word to be selected by a committee consisting of the President, Vice President, and Secretary.

2d. Upon the application of persons, not members of the Council, for admission, it shall be the duty of the President to appoint a committee of three, who shall examine such persons in the work of the order, and shall administer a test oath in regard to their membership and standing in the order. The committee shall then report the result of such examination to the Council, and if no objection be made such persons shall be admitted upon giving the general pass word and observing the signs of admission.

3d. Members of the order may be admitted to Subordinate Councils of which they are not members upon being vouched for by any member of the Council in good standing.

4th. The form of the test oath to be taken by parties applying for admission to Councils of which they are not members, shall be as follows: "I do solemnly swear that I am a member of the Union League of America in good standing."
